“A Note from the President”

September 2022

September blessings surround us. As we reap the sustenance we have grown in our gardens, we also gratefully embrace the nurturing we have received from our SCUUF community. I thank you for the positive energy that you contribute toward building connections of love and support for one another.

Our planned events last month brought great joy to many. The topic of “Belonging” encourages us to further explore our own sense of how we choose to engage with our world. We can each try taking a closer look at our relationships, activities, and practices... and discover how we might empower ourselves, one another, our wider community, and, ultimately, our interconnected web of life.

Every week we close our service singing “with Love at our center, we are family. Let us walk with each other, in perfect harmony.” This intention helps me stay focused on a path with a full heart. I am honored and proud to belong to SCUUF.

Peace and Joy to you All,

Cheryl DeLong
President
SCUUF Board of Directors
